Game Instructions:

- 1) Print the page using your color printer.
- 2) Cut out the playing pieces along the dotted line as shown. Younger children should ask a parent for help.

Trim the board if desired. To make a sturdier board and playing pieces, glue the board and playing pieces to cardboard or other sturdy backing material.

4) To play, you will require 1 die. Each play rolls the die in their turn and moves their game piece the number of squres shown on the die.

If you land on the bottom end of a trail

you slide up the trail to the square at the top of the trail.

If you land on the top end of a big black blob of you slide down to the square at the bottom.
